Dear Ms. Grubaugh-Littig:

Please find enclosed with this letter copies of maps illustrating the flows at point FP-1 and FP-2 within the SUFCO permit area. These maps are required by our M&RP as part of our Annual Fourth Quarter Water Monitoring Program. The remainder of the flow data for the other sites in our monitoring program have been uploaded to the Division's EDI system. These sites are located in the Pines Tract area. If you have any questions regarding these maps, please let me know.
